

# PREDICTIVE MAINTENANCE

100% Resource Utilization & 0% Downtime

## REACTIVE

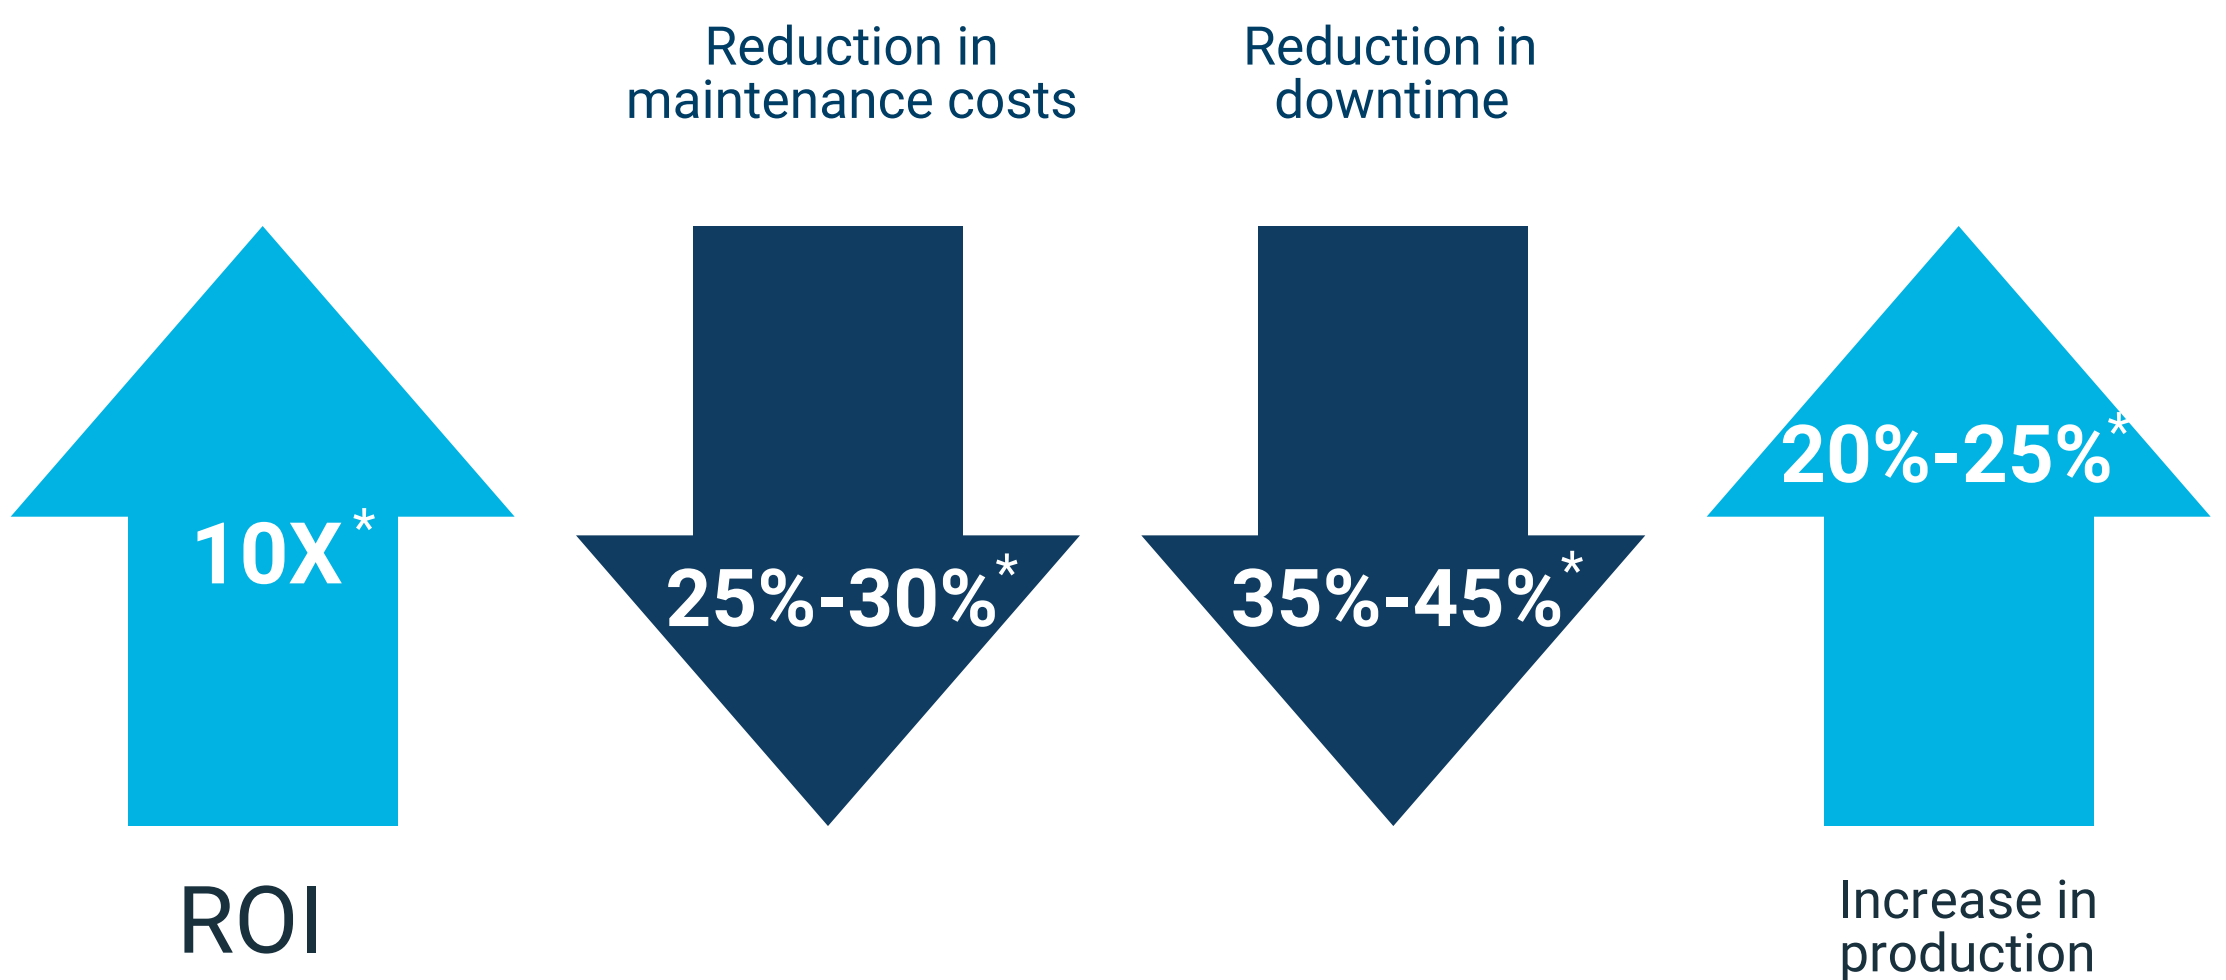

Waiting for things to fail and then fix the problem.

## PREDICTIVE

Moving to the world where machines ask for their own maintenance before they fail!

## PREDICTIVE MAINTENANCE - A NUMBER GAME

## WHAT YOU GET FROM PREDICTIVE MAINTENANCE

- Improved worker safety
- Higher Reliability
- Higher Availability
- Less Costs
- Maximise Resource Utilization

### About Veltris

With extensive expertise gained from numerous customer implementation and successes, we help our clients unlock the true potential of data, analytics and AI. We handle end-to-end AI solution development - from data mining, cleaning, and labelling, to building, training, and deploying AI models for scale.
